Join us for an upcoming AA Corrections Workshop designed for those interested in carrying the message of recovery into correctional facilities throughout the Kansas City area. This engaging workshop will feature tutorial videos, insight from the Area 39 Corrections Committee Chair, powerful speaker panels with individuals who found AA in prison and those currently volunteering, plus informative seminars outlining local needs, service opportunities, and the application process.

Food and refreshments will be provided, and we'll also be auctioning off a special painting.

Come learn, connect, and discover how you can make a meaningful impact where it's needed most!
